### SPECIFICATIONS

#### Construction

Brushed nickel housing with stippled lens. Flexible in-out connections allow you to combine puck lights in series or combine with linear models such as the UCA, UC or UCT series. The UCP2 connects to hardwired or plugin power supplies (sold separately). The fixture comes with one pucklight, one screw, and one cable connector.

#### Optics

LEDs have a color temperature of 4000K natural white and are also available as 3,000K warm white. The operating temperature range is -40°C to +40°C. LED life of 100,000 hours.

#### Electrical

Total system wattage of the unit is 3W. Fixture uses plugin and hardwire 24VDC drivers. 12V DC is available as an option.

#### Mounting

Fixture can be surface mounted or recessed underneath desired areas.

#### Finish

Standard finish is brushed nickel.
