

VCS, LG

Gooseneck fixtures

The VCS and LG Series of fixtures are elegantly designed gooseneck fixtures that provide bright, even illumination for signs. Domes, arms and mounting plate are made of aluminium with a durable powder coat paint finish. A 14W natural aluminium LED fixture is attached to the dome. Various combinations of fixtures and arms can be combined in custom colors. An optional swivel (sold separately) can be attached to the dome to direct light where needed.

IDEAL APPLICATIONS

- ✓ Sign and Accent Lighting
- ✓ Retail
- ✓ Commercial Applications

ACCESSORIES

Globes and guards

Clear
